

Inquiry Core: Research & Professional Writing

Submitting a course for inclusion in CSU's Inquiry Core Curriculum is an opportunity to think creatively about how you can spark students' curiosity and help them see the value of the knowledge and methods of your discipline.

Inquiry Core Curriculum Requirements

All courses in the CSU Inquiry Core Curriculum must be:

- Offered at the 100- or 200-level;
- Accessible and inviting to first-year non-major students;
- Adopt an Inquiry Orientation to design and delivery; and
- Include one or more Signature Assignments

Research & Professional Writing Requirements

All courses fulfilling the "Research & Professional Writing" requirement must:

- Meet OT-36 *Second Writing* Learning Outcomes
- Develop and assess the Core Competencies of *Written Communication* and *Information Literacy*.

Instructions for Completion

- Complete this document in Adobe Acrobat Reader. If you find that you cannot enter any additional text in a textbox, it is because you are using an incompatible PDF reader.
- Include the [Core Curriculum Syllabus Statement](#) in your syllabus
- Attach this completed document, your syllabus, and an overview of your signature assignment(s) in Curriculog.

Course Code & Title

OT36 Outcome Mapping & Minimum Requirements

For “Second Writing” courses, OT36 dictates both learning outcomes and minimal course requirements. You should consult the [OT36 English Composition Second Writing Learning Outcomes](#) document in completing this form. It lists the minimal course requirements and provides a more in-depth description of the requirements associated with each learning outcome. In the table below, only the highest-level learning outcome statement is provided, but mapping to each more detailed sub-outcome is required for approval.

For each OT36 outcome provided in the left column, indicate the following:

- (a) How the course embeds the outcome. How is it taught and developed? Provide specific examples
- (b) How specified assignments will be used to assess student achievement of the outcome
- (c) Where in the included materials (syllabus, assignments, etc.) can evidence of the embedding and assessing be found?

OT36 Outcome	(a) Course Embed	(b) Assessment of Outcome	(c) Evidence of (a) and (b)
<p>Rhetorical Knowledge. Students will further develop their understanding of rhetorical situations as they read academic texts and practice tailoring their work for specific audiences.</p>			
<p>Critical Thinking, Reading, and Writing. Students will further develop their critical thinking skills as they analyze and synthesize academic texts.</p>			

OT36 Outcome	(a) Course Embed	(b) Assessment of Outcome	(c) Evidence of (a) and (b)
<p>Knowledge of Composing Processes. Students will continue to hone their revision strategies and reflect critically on their writing practices.</p>			
<p>Knowledge of Conventions. Students will study academic conventions and apply appropriate conventions to their own work.</p>			

Inquiry Orientation

Core Curricular courses are expected to take an inquiry orientation toward course design, organization, and instructional method. While complete “Inquiry Based Education” is not required, courses should include the following two components, *which should also be explicitly reflected to students in the syllabus*:

- Organize learning around the exploration and investigation of problems or questions that would be of interest to and engaging for first year students;
- Require students to engage, individually or collaboratively, in some of the stages of inquiry.

[Learn more about designing for inquiry](#)

Major Problems/Questions: What are the major problems and/or questions that frame your course?

Stages of Inquiry: How will students be engaged in the inquiry process in the course? What activities and/or assignments will be used to develop students’ ability to engage in inquiry?

Core Competency Mapping

The core competencies required are provided below. For each competency, do the following:

- (a) Indicate which two learning outcomes the course will especially focus on developing and assessing through one or more signature assignments. The available learning outcomes can be found on the [CSU Core Competencies](#) page of the [Core Curriculum Handbook](#).
- (b) Indicate how each identified learning outcome is taught, practiced, and developed in the course.

[CSU Core Competencies](#)

Core Competency 1: Written Communication	
Core Competency Learning Outcome	How outcome is taught, practiced, and developed in the course
Core Competency 1: Information Literacy	
Core Competency Learning Outcome	How outcome is taught, practiced, and developed in the course

Signature Assignments

Each core curricular course is required to have at least one signature assignment and to assess all chosen core competency learning outcomes through signature assignments. All signature assignments include two parts: some form of **authentic assessment** and a **reflection assignment** related to the assessment and/or course.

To complete this section, do the following:

- (a) Name and briefly describe the signature assignment
- (b) Indicate which core competency learning outcome(s) the signature assignment will assess and how it will do so.
- (c) Indicate how students will be prompted to engage in meaningful reflection about their learning in the course

If you are using more than three signature assignments, include an additional attachment in Curriculog answering the same prompts as below for each additional signature assignment.

(a) Signature Assignment Name/Description	(b) Assessed Core Competency learning outcomes	(c) Reflection Assignment

Inquiry Pathway

Core Curricular courses may be included in one or more established [Inquiry Pathways](#). Core courses are not required to be included in any pathway.

If you would like this course to be included in a pathway, answer the questions below.

Pathway:
How will the course meaningfully and substantively contribute to the pathway theme?
Pathway:
How will the course meaningfully and substantively contribute to the pathway theme?
