Original signatures must be included with the "original" copy. Bids received after the ITB due date/time will not be considered. Office hours for receipt of Bids are Monday through Friday, 8AM to 5PM ET, except University observed holidays.
2. Bids are requested on the materials or services specified. Instructions, manufacturer's model or catalogue numbers, etc., where shown herein, are for descriptive purposes only and to guide the Bidder in interpretation of the quality, design, and performance desired, and shall not be construed to exclude Bids based on furnishing other types of material or service. If the description of your offer differs in any way, you must give complete detailed description in your Bid including pictures and literature where applicable. Unless specific exception is made, assumption will be that you are offering exactly as specified by this ITB. The University shall be the sole judge of the acceptability of any alternate material or service.
3. All prices MUST BE FIRM. Check your Bid carefully, for it may not be corrected after the ITB due date/time. Bidder will be expected to deliver at prices(s) bid. Unless otherwise stated, all Bids shall remain firm for a minimum period of sixty (60) days after the ITB opening date. Beyond sixty (60) days Bidder will have the option to honor the Bid or make a written request to withdraw the Bid from consideration.
4. The University reserves the right to award by item, by groups of items, or as a whole, whichever is deemed most advantageous to the University.
5. Unit prices govern the award. Unless specifically exempted, unit prices must be entered and item total extended on each item.
6. Bids are requested F.O.B. Destination. Prices bid are to include all charges for transportation, packaging, crates, containers, insurance, etc., necessary to complete delivery on an F.O.B. Destination basis.
7. Cleveland State University, a public institution of higher education and an instrumentality of the State of Ohio, is exempt from Ohio Sales Tax and Federal Excise Tax, including Federal Transportation Tax. Exemption certificates will be furnished upon request.
8. The University will consider using any cash discounts offered; however, only discounts for more than 30 days will be considered in computing the net figure of your Bid.
9. No Bid will be accepted that is not dated and signed in ink in the proper spaces provided. Your bid form will be accepted only if CSU's is dated and signed with reference to yours as an enclosure. Any Bid that does not include all requested information in accordance with the ITB may be considered not responsive.
10. For ITBs that require a mandatory pre-bid meeting, in the event that fewer than two potential bidders attend, the meeting may be rescheduled and the ITB due date extended if deemed necessary.
11. If you are unable to submit a Bid, please date and sign the ITB, indicate "No Bid", give a brief explanation, and return the ITB before the due date/time. Failure to extend this courtesy may jeopardize your consideration for receiving future ITBs.

12. Any samples requested must be furnished at Bidder's expense, and, if not destroyed by testing or required as future quality standard on items shipped, will upon timely request be returned at the Bidder's expense. Samples must clearly identify the Bidder, the ITB #, and the item the sample represents in the Bid. The University reserves the right to mutilate or destroy any sample if considered necessary for testing purposes. The University may keep the sample(s) of the Bidder awarded the contract until completion of the contract. Unsolicited samples submitted in response to this ITB will not be evaluated and the University may dispose of them in any way it chooses.
13. The Bidder agrees that it will keep confidential the features of any equipment, tools, gauges, patterns, designs, drawings, engineering data or other technical or proprietary information furnished by the University and use such items only in the production of items awarded as a result of this ITB and not otherwise, unless the University's written consent is first obtained. Upon demand or completion of any resultant purchase order, Bidder shall return all such items to the University or make other disposition thereof as may be directed or approved, in writing, by the University.
14. The Bidder, by submitting its Bid, agrees that any cost incurred by the Bidder in responding to this ITB, or in support of activities associated with this ITB, is to be borne by the Bidder and shall not be billed to the University. The University will incur no obligation or liability whatsoever to anyone by reason of issuance of this ITB, or action by anyone relative thereto.
15. The Bidder warrants that in submitting a Bid and in the performance of any resulting purchase order award, Bidder has complied with and will continue to comply with all applicable Federal, State and Local Laws and Ordinances and University policies and procedures. Any purchase order awarded as a result of this ITB will be subject to all applicable laws and regulations and University policies and procedures.
16. The University reserves the right to reject any or all Bids or portions thereof, and to waive any informalities or irregularities in the Bids received.
17. Unless the University elects to reject all Bids and/or cancel this ITB, the University shall award the contract to the lowest cost-responsive and responsible Bidder. A Bidder is lowest if its Bid offers the lowest cost supply or service in comparison to all other Bidders. While Bidders may offer discounts for prompt payment and other similar incentives, such discounts and incentives will not be used to determine the lowest Bidder. When discounts are offered the discount will be calculated from the date the University receives a proper invoice, or the date the service is delivered and accepted in accordance with the University's Terms and Conditions. A Bid will be considered responsive if it meets the ITB in all material respects and contains no irregularities or deviations that would affect the amount of the Bid or otherwise give the Bidder a competitive advantage. The University's determination of a Bidder's responsibility may include, without limitation, the following factors: quality of the Bidder's work, experience in the field, conduct and performance of the Bidder on previous contracts, Bidder's ability to execute the contract properly, Bidder's financial condition, Bidder's management skills, Bidder's facilities.
18. All information supplied in response to this ITB is subject to verification. Misleading and inaccurate information may be grounds for disqualification at any stage in the evaluation and procurement process.
19. The contents of Bids submitted by the successful Bidder will be considered contractual obligations. Failure to meet these obligations may result in cancellation of any award made, and/or monetary claims being made by the University.
20. The University reserves the right not to select any of the Bids submitted for any reason at the University's discretion.
21. Ohio Revised Code ("ORC") 9.24 prohibits the University from awarding a contract to any person against whom the Auditor of the State has issued a finding for recovery if the finding for recovery is deemed "unresolved" at the time of award. By submitting a Bid, the Bidder warrants that it is not now, and will not become subject to an "unresolved"

finding for recovery under ORC 9.24 prior to or during the award of any contract arising out of this ITB, without notifying the University of such finding. If this warranty is false, any agreement resulting from this ITB, is void *ab initio*, and the Bidder must immediately repay to the University any funds paid under any such agreement.

22. The University may request clarification or additional information, including demonstrations, presentations, and further discussions, to evaluate a Bidder's responsiveness to the ITB or to evaluate a Bidder's responsibility. If a Bidder does not provide the requested information, it may adversely impact the University's evaluation of the Bidder's responsiveness or responsibility.
23. A Bidder may withdraw its Bid at any time prior to the ITB due date/time by written request to the University contact listed on the cover page of the ITB. Arrangements for the return of a withdrawn Bid may be made with the Purchasing Department and at the expense of the Bidder.
24. Questions will be answered and posted to the CSU Purchasing website 48 hours after the due date for the questions, in the form of an addendum. Bidders are prohibited from contacting any individual at, or associated with, CSU regarding this ITB other than the contact named on the cover page of this ITB. A Bidder's failure to adhere to this prohibition may, at CSU's sole discretion, disqualify the Bidder.
25. Only information contained in this ITB or written addendum/addenda issued by CSU are to be considered in preparing Bids. No verbal interpretations, changes or modifications are to be considered. The Bidder understands and agrees that it is the Bidder's duty to explain and clarify any and all conditions imposed on, or included in, its Bid. The Bidder also understands and agrees that the Bidder has the duty to inquire about, and clarify statements that are not fully understood or that the Bidder reasonably believes may be susceptible to more than one interpretation.
26. Bidders are required to comply with all of the terms and conditions of this ITB, whether the Bidder had actual knowledge of the terms and conditions of the ITB and regardless of any statement or omission in the Bid that might indicate a Bidders' contrary intention. The University will not agree to any additional or inconsistent terms or conditions proposed by the Bidder. The terms and conditions of the ITB prevail over any inconsistent or additional terms or conditions of the bid proposed by bidder.
27. Interested Bidders may attend the opening of the Bids. To protect the integrity of the ITB process, Bids will be closed for public review once the evaluation and award process begins. All Bids and other submitted materials shall be the property of CSU, will not be returned, and may become a public record pursuant to Ohio Revised Code Section 149.43. All proprietary information, which is clearly identified as such, disclosed to the University shall, to the extent permitted by law, be held in confidence and used only in the selection process for the ITB and in the development of any contract resulting from the RFP process, except as CSU is otherwise permitted by written instructions from the Bidder. Bidders shall be solely responsible for protecting their own trade secrets or proprietary information and will be responsible for all costs associated with protecting such information from disclosure. Prices, makes, models, catalog numbers of items offered, deliveries and terms of payment shall not be considered confidential.
28. Bidders must comply with all CSU policies while on campus, including but not limited to the tobacco free campus policy found at this link <http://www.csuohio.edu/tobacco-free/tobacco-free-campus-policy>
29. The University's Terms and Conditions shall govern any Purchase Order or contract issued as a result of this ITB.
