

Undergraduate/ Graduate International Financial Aid Resources

International Undergraduate/Graduate students are not eligible for federal financial aid.

There are no scholarships offered by the University for graduate students—however, you may inquire with your respective academic department for the discipline to which you are studying.

Access to each College's Scholarship site can be found by utilizing the vertical navigation bar on the University scholarship page:

<https://www.csuohio.edu/financial-aid/scholarships>

(Undergraduate & Graduate as applicable)

If you are looking for Graduate Assistantships (GAs)— contact your department and/or speak to your graduate program director or advisor. Information about graduate assistantships can be found here:
