Important Notes

1. Katrina related students are reported under the college designed CSU in this report.
2. Typically we wait until after deregistration to produce this report. This term the decision was made to produce the report before this occurred (i.e. deregistered students haven't been subtracted from the 2005 numbers). Please be aware of this difference and how it affects the comparisons to 2004 numbers in this report.
3. Students with an "acad_plan_type" of PRP (Preparation) are shown in the "Other <college>" department. For example, PREUDENT (pre-dentistry) is found under the "Other Science" *department* of the College of Science. It should be noted that "Other" may include things other than PRP as well; for instance, Undecided majors and those majors that don't fall under a specific department in the college may appear here as well.
4. SABs and those students with zero hours are excluded.

Errata: Please the initial copy of this report had not removed 17 SAB students from the headcount. (11/3/2005)
